

PREMIUM FASHION & SPORTSWEAR CATALOGUE

A full product presentation covering activewear, running wear and team uniforms across lacrosse, American football, ice hockey, baseball, basketball, cricket, cycling, football, rugby and volleyball.

FASHION & SPORTSWEAR RANGE OVERVIEW

The catalogue is organised by product category so buyers can quickly understand the range, product direction and customisation possibilities.

CATALOGUE FOCUS

- Performance apparel and team uniforms
- Custom colour, fit and panel development
- Private-label branding and packaging
- Products suitable for club, retail and distributor programmes

DEVELOPMENT APPROACH

- Start from a reference style or custom brief
- Define fabric, fit, colour and decoration
- Review a sample before bulk production
- Coordinate labels, hang tags and packaging

Product details on the following pages are catalogue development directions and can be adjusted to the final production brief.

WOMEN'S SEAMLESS ACTIVEWEAR SET

A fitted performance set designed for gym, studio and athleisure collections with a modern, clean silhouette.

PRODUCT PROFILE

A coordinated crop-top and high-waist legging set that can be adapted around target fit, stretch, coverage and brand styling.

DEVELOPMENT OPTIONS

- Seamless or cut-and-sew construction
- Racerback, cross-back or scoop-neck top
- High-rise or mid-rise leggings
- Ventilation and contour-knit zones

BRANDING OPTIONS

- Heat-transfer or silicone logo
- Woven or printed labels
- Custom colour mapping
- Branded retail packaging

COMMON MATERIAL DIRECTIONS

Stretch jersey, nylon-spandex blends or seamless knitted performance fabric can be selected according to the target feel and performance requirement.

STRETCH

BREATHABLE

SCULPT FIT

SUITABLE FOR

- Activewear and studio brands
- Yoga and studio collections
- Athleisure labels
- Private-label retailers

CUSTOM LACROSSE UNIFORM SET

A coordinated jersey and short system developed for speed, movement and a strong team identity.

PRODUCT PROFILE

Lacrosse kits can be developed around club colours, player numbering, breathable panel placement and a fit that works comfortably with protective equipment.

DEVELOPMENT OPTIONS

- Crew-neck or V-neck jersey
- Standard or athletic jersey fit
- Matching performance shorts
- Ventilation and stretch panel options

BRANDING OPTIONS

- Full sublimation graphics
- Club crest and sponsor placement
- Player names and numbers
- Custom neck labels and packaging

COMMON MATERIAL DIRECTIONS

Lightweight polyester interlock, micro-mesh and stretch performance fabrics can be combined to balance durability, mobility and breathability.

FIELD READY

BREATHABLE

TEAM IDENTITY

SUITABLE FOR

- Lacrosse clubs
- Schools and colleges
- Training academies
- Private-label teamwear brands

AMERICAN FOOTBALL JERSEY & PANT SET

Pad-compatible teamwear engineered for game-day identity, movement and durable training performance.

PRODUCT PROFILE

The uniform can be developed around shoulder-pad fit, sleeve shape, reinforced stretch zones and coordinated game or practice pants.

DEVELOPMENT OPTIONS

- Pad-compatible jersey cut
- V-neck or crew-neck styling
- Integrated or separate belt pant
- Reinforced stretch and abrasion zones

BRANDING OPTIONS

- Sublimated team graphics
- Heat-transfer or twill numbers
- Crest and sponsor placement
- Custom labels and player details

COMMON MATERIAL DIRECTIONS

Stretch polyester mesh, double-knit and reinforced performance fabrics can be selected according to contact level, weight and season.

PAD COMPATIBLE

REINFORCED

CUSTOM NUMBERS

SUITABLE FOR

- American football clubs
- Schools and universities
- League teams
- Teamwear distributors

CUSTOM ICE HOCKEY UNIFORM SET

A premium hockey jersey and coordinated teamwear system designed for pad clearance, durability and club identity.

PRODUCT PROFILE

Ice hockey kits can be adapted around a roomy pad-compatible fit, reinforced high-wear areas, player numbering and coordinated socks or pant shells.

DEVELOPMENT OPTIONS

- V-neck, lace-neck or crew-neck styles
- Pad-compatible body and sleeve fit
- Reinforced elbow and shoulder zones
- Matching socks and pant-shell options

BRANDING OPTIONS

- Full sublimation
- Embroidered or appliqué crest
- Player names and numbers
- Sponsor and league branding

COMMON MATERIAL DIRECTIONS

Heavy polyester knit, breathable mesh inserts and reinforced abrasion-resistant panels can be combined for rink use and repeated team wear.

RINK READY

DURABLE

CLUB BRANDING

- Schools and academies
- League teams
- Private-label hockey ranges

LIGHTWEIGHT RUNNING PERFORMANCE SET

A breathable T-shirt and short combination for running clubs, training ranges and branded performance collections.

PRODUCT PROFILE

A simple performance base that can be developed through fabric weight, ventilation, visibility details and custom team graphics.

DEVELOPMENT OPTIONS

- Regular or athletic fit top
- Standard or split running shorts
- Mesh ventilation panels
- Reflective-detail placement

BRANDING OPTIONS

- Sublimated graphics
- Heat-transfer logos
- Printed neck labels
- Custom team colour combinations

COMMON MATERIAL DIRECTIONS

Lightweight polyester mesh, micro-mesh or moisture-management performance fabric can be used depending on the required breathability and hand feel.

LIGHTWEIGHT

BUILD A COMPLETE BRANDED COLLECTION

Private-label development can extend beyond the garment itself so the product, labels, packaging and presentation feel like one coordinated brand experience.

GARMENT BRANDING

- Embroidery and heat-transfer logos
- Sublimation and print placement
- Woven and printed labels
- Custom colours and trims

RETAIL PRESENTATION

- Hang tags and product information
- Branded bags or mailers
- Stickers and packaging inserts
- Coordinated packing presentation

SAMPLING & APPROVAL

Use the sample stage to review product shape, fit, fabric, decoration and branding before confirming the final bulk specification.

SAMPLE FIRST

APPROVE DETAILS

RANGE CONSISTENCY

Carry the same identity across activewear and teamwear by coordinating colours, logos, labels, packaging and product naming.

ONE BRAND

MULTIPLE CATEGORIES

PRODUCT DEVELOPMENT PROCESS

A simple approval-led process keeps product, branding and packaging decisions controlled from the initial idea through to dispatch.

01

BRIEF

Share product references, quantities, target fabric, fit and brand requirements.

02

DESIGN

Define colours, panels, decoration, labels and packaging direction.

03

SAMPLE

Review fit, construction, fabric and overall presentation before bulk approval.

04

PRODUCE

Manufacture against the approved product and branding specification.

05

INSPECT

Check key measurements, construction points and branding placement.

06

DELIVER

Pack the finished range for the agreed retail, wholesale or export requirement.
